General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

Chapter I. Your General Nature

Approach, Attitude

Your specific and consistent bearing may inspire confidence and respect in some while putting off others. Be ready to be flexible where others' styles are concerned while retaining the integrity of your own for maximum latitude in a relationship.

Ascendant in Virgo

Key Quality

Motion, change, and experimentation are your key characteristics which will allow you to adapt to almost any partner. You may be seen at times as shallow or lacking in intensity, but this is just a misinterpretation of your ability to diversify.

Sun in Gemini

Key Activity

You will find that you have a rather high profile in life, no matter what you do, so be prepared to live at least a good part of your personal life within the view of others. Try not to let this obscure a partner's visibility unless you both wish it.

Sun in Tenth House

Chapter Highlights

You have a very strong concern for, and sense of, what others have to say about you and will likely find yourself generally in the public eye for this reason. Take special care to guard your privacy if you want it, or else it will be hard to keep.

Sun Conjunct Midheaven Orb: 07°33'

Your physical appearance may often belie your inner feelings or direction, over or understating them, so you should be able to say what you mean more than show it if you want to put yourself across well. When you mean what you say, others will know it.

Sun Square Ascendant Orb: 07°40'

You may find yourself annoyed or upset when a partner declines to follow you down a more adventurous path, but you would do well to back up and rethink the situation as you may have gone too far. Go easy and rework it until it softens up, flows.

Sun Square Uranus Orb: 08°22'

Chapter II. Inner Responsiveness

Key Quality

Your first response to a situation is a good word and a laugh, even when things are dire, so you will be a source of cheer and stress relief to others. You treasure the ability to change your feelings as the situation dictates and avoid emotional stasis.

Moon in Sagittarius

Key Activity

Your immediate reaction to another will be fairly verbal -- talk expresses your feelings very well. Add an extra dollop of sincerity when need be, as others may simply feel you are being glib or light with their feelings -- you're not, and say so.

Moon in Third House

Chapter Highlights

You stand rock steady behind your emotional response to another and are not likely to change the way you feel once your feelings have crystallized. This makes you a superior friend in the long haul, who can be depended upon in a crisis down the road.

Moon Trine Saturn Orb: 00°18'

You have an easy style of reception and desire, knowing just how much you want in a relationship and just how much you can get, the two usually being rather closely matched. The ease of friendship is more familiar than the pain of unrequited desire

Moon Trine Venus Orb: 02°28'

An over-strong need to be in control of things at all times stems from a very strong childhood fear of helplessness and death which needs to be addressed thoroughly and resolved so that you can open your heart to true intimacy and its risks.

Moon Square Pluto Orb: 06°19'

You have a nice, easy feeling of just how far to react with a person that will give you both maximum benefit without going over anyone's interdicted borders or invading space. Instead you tend to open others' space by showing how open you can be.

Moon Trine Jupiter Orb: 06°38'

Brusque reactions in an attempt to break into the heart of the matter will tend to stir arguments, defeat their purpose. Draconian feelings may stir your heart but can wound that of another, so go gently when others' feelings may be at stake.

Moon Square Uranus Orb: 08°44'

Your body language and your true intentions may not always match up so some may doubt

your sincerity without apparent(or real) cause. At times, therefore, you may have to reiterate your point in order to make things perfectly clear and believable to all.

Moon Square Ascendant Orb: 09°26'

Affairs at home are of particular importance to you, and you tend to respond from this bottom line of your personality: the heart. This disallows some necessary social dissembling at times but that may be the price of being true to yourself.

Moon Opposite Midheaven Orb: 09°33'

Chapter III. Mentality

Key Quality

You are lovingly fond of your own fantasies, but may find it difficult to adapt to those of others, particularly should they look askance at yours. Try a little of both and you will get more than enough fulfillment out of your own to make up for it

Mercury in Cancer

Key Activity

Like it or not, your ideas are likely to get pretty well spread around, for better or for worse, so shape them carefully to draw the kind of person to yourself you want. If your public image is different than your private self, you'll have connect trouble.

Mercury in Tenth House

Chapter Highlights

You can use your body language most effectively in getting your ideas across, which can make you particularly believable to others, even when you are wrong, so don't rely on their feedback but be your own monitor when swaying others' opinions.

Mercury Sextile Ascendant Orb: 00°19'

Inventiveness without obtrusiveness allows you to be a quiet innovator in a relationship. By explaining yourself well, you provide a clear path for a partner to follow, even when the territory is uncharted. Clarity and insight inspire confidence.

Mercury Sextile Uranus Orb: 00°22'

You have a far-ranging imagination, but one that does not leave reality behind, so you can be a wealth of practical fantasy for your partner. Spiritual feelings can be well-expressed as well as felt within, making them doubly rewarding and sharable.

Mercury Trine Neptune Orb: 01°10'

It may often be hard to put your thoughts into action, particularly when impatience gets in the way and tangles things up. Good advice from another may grease the wheels if you are willing to take it, but mind your temper and watch your words.

Mercury Square Mars Orb: 02°06'

You have considerable, and well-founded, confidence that what you say is correct and will serve you well, no matter what the opinions of others. This will lead you to deeper insights because you will quietly pursue them further than others would.

Mercury Sextile Pluto Orb: 02°47'

Chapter IV. Inner Needs - Desires - Sexuality

Key Quality

Your greatest satisfaction is when a good time has been had by all. Robust tastes and an indomitable willingness to play make you a fun, but sometimes exhausting partner to those less energetic and outgoing in desires. Wait for them to catch up!

Venus in Leo

Key Activity

You are most satisfied when you have 'done it right' with maximum class and achievement. Thus you will want a partner who is on the rise and has 'the right stuff'. Just remember to apply that internally, not just outwardly, at the bottom line.

Venus in Eleventh House

Chapter Highlights

You have an easy style of reception and desire, knowing just how much you want in a relationship and just how much you can get, the two usually being rather closely matched. The ease of friendship is more familiar than the pain of unrequited desire

Moon Trine Venus Orb: 02°28'

Moderation and regularity are the keys to your enjoyment, and a few sips of good vintage will always yield more than a jugful of mediocre quality. You will want a partner who is equally willing to keep a quieter, more refined pace and can develop with you.

Venus Trine Saturn Orb: 02°46'

An easygoing and natural sexuality allows you to take your mind off finding a partner and concentrate on the quality of the relationships you find yourself in. Others may be less comfortable with their sexuality, so do your best to put them at ease.

Venus Sextile Mars Orb: 04°33'

It may often be difficult to tell what it is you really want in an experience and thus be disappointed when you don't get it. It will be important to define your needs ahead of time, so you don't get embroiled in pointless efforts that tire the heart.

Venus Square Neptune Orb: 07°49'

Chapter V Energy - Drive - Activity

Key Quality

Your facility to insert yourself into a situation where change is needed will keep yourself and others on their toes. You will go out of your way to see that all is fair and just, but make sure that troubleshooting is really needed before jumping in.

Mars in Libra

Key Activity

You know what you want to do and how to do it, and can make that clear to a partner, but actual expression still will depend on opportunity and may not come as quickly as you would try to make it. Patience is a watchword lest your partner lose patience.

Mars in First House

Chapter Highlights

It may often be hard to put your thoughts into action, particularly when impatience gets in the way and tangles things up. Good advice from another may grease the wheels if you are willing to take it, but mind your temper and watch your words.

Mercury Square Mars Orb: 02°06'

You may find it easy to put considerable work into pursuing career goals and will likely gain the reputation as an achiever who makes it look easy. As much time spent in giving others a boost will pay off manyfold and avoid potential jealousies.

Mars Trine Midheaven Orb: 02°32'

An easygoing and natural sexuality allows you to take your mind off finding a partner and concentrate on the quality of the relationships you find yourself in. Others may be less comfortable with their sexuality, so do your best to put them at ease.

Venus Sextile Mars Orb: 04°33'

Stop and go energies where you are rolling along and then suddenly run out of gas can torpedo you unless you design your involvements with available stopping places for a breather. A brief pause indeed refreshes if you allow the space for it.

Mars Opposite Saturn Orb: 07°19'

Chapter VI. Expansiveness - Growth - Success

Key Quality

Your ideal direction in love is to have plenty of space and compass, so there is love enough to go around for everyone. This does not preclude loyalty to only one partner, but when you're in love, everyone should know it, and benefit from it alike.

Jupiter in Leo

Key Activity

You have a natural ability to rise to the top of the social sphere, based on what others think you capable of. Your main judgment should be just how much flash you want in your relationships as opposed to longer-lasting loyalty and substance.

Jupiter in Eleventh House

Chapter Highlights

You have an innately correct judgment of how society at large will respond to your actions, which is a useful talent in most financial or public endeavors. This will allow you to function well in the outer world, whatever is going on within you.

Jupiter Trine Saturn Orb: 06°20'

You have a nice, easy feeling of just how far to react with a person that will give you both maximum benefit without going over anyone's interdicted borders or invading space. Instead you tend to open others' space by showing how open you can be.

Moon Trine Jupiter Orb: 06°38'

Chapter VII. Seriousness - Concentration - Limitations

Key Quality

You may find that you are initially harsh with a partner, seeing faults clearly that others might miss or overlook. This is a useful self-protective talent, but can put off a prospective partner as well. Note the faults, but don't advertise them.

Saturn in Aries

Key Activity

You will doubtless be attracted to older partners throughout your life. Not necessarily in age, but in experience, style, or demeanor. You will be the younger, more spontaneous part of a couple, taking advantage of the difference to benefit both.

Saturn in Seventh House

Chapter Highlights

You stand rock steady behind your emotional response to another and are not likely to change the way you feel once your feelings have crystallized. This makes you a superior friend in the long haul, who can be depended upon in a crisis down the road.

Moon Trine Saturn Orb: 00°18'

Moderation and regularity are the keys to your enjoyment, and a few sips of good vintage will always yield more than a jugful of mediocre quality. You will want a partner who is equally willing to keep a quieter, more refined pace and can develop with you.

Venus Trine Saturn Orb: 02°46'

You have an innately correct judgment of how society at large will respond to your actions, which is a useful talent in most financial or public endeavors. This will allow you to function well in the outer world, whatever is going on within you.

Jupiter Trine Saturn Orb: 06°20'

Stop and go energies where you are rolling along and then suddenly run out of gas can torpedo you unless you design your involvements with available stopping places for a breather. A brief pause indeed refreshes if you allow the space for it.

Mars Opposite Saturn Orb: 07°19'

Chapter VIII. Originality - Spontaneity - Independence

Key Quality

You may find you have the ability to figure out a person's entire personality from just a few specific clues or actions. You will very often be correct in this, but always back up your opinions with more data before making a move, as looks can fool.

Uranus in Virgo

Key Activity

Your contact with religious and mystic worlds is intense, personal, providing you with ongoing inner drive and inspiration. Danger may come from enemies of the same ilk who strike from secrecy against your beliefs. Stand your ground, rely on above.

Uranus in Twelfth House

Chapter Highlights

Inventiveness without obtrusiveness allows you to be a quiet innovator in a relationship. By explaining yourself well, you provide a clear path for a partner to follow, even when the territory is uncharted. Clarity and insight inspire confidence.

Mercury Sextile Uranus Orb: 00°22'

Your sometimes startling mannerisms may take others aback at times and you could soften your approach for those you know like to take it slow and easy, even though you'd like to get right to the heart of the matter without delay. Time will bring them.

Uranus Conjunct Ascendant Orb: 00°42'

What people say about you will be largely the product of their own fantasies and may have little to do with the real you. Thus you can freely manipulate your press coverage, but may have a hard time getting people to believe the real story.

Uranus Square Midheaven Orb: 00°49'

The road to self-discovery is mapped by fantasy, then delineated by reality in a pace that you may take for granted as you pick your way along while others are lost in the wilderness. Lend your sense of the possible to those not so much in touch.

Uranus Sextile Neptune Orb: 01°33'

The drive to self-discovery is extremely strong and the push to find out what is really happening may cause others to think you a bit self-obsessed -- but when you finally do hit the nail on the head, you drive it in with a single stroke, amazing all.

Uranus Conjunct Pluto Orb: 02°25'

You may find yourself annoyed or upset when a partner declines to follow you down a more adventurous path, but you would do well to back up and rethink the situation as you may have gone too far. Go easy and rework it until it softens up, flows.

Sun Square Uranus Orb: 08°22'

Brusque reactions in an attempt to break into the heart of the matter will tend to stir arguments, defeat their purpose. Draconian feelings may stir your heart but can wound that of another, so go gently when others' feelings may be at stake.

Moon Square Uranus Orb: 08°44'

Chapter IX. Imagination - Ideals - Spirituality

Key Quality

That which is most difficult or dangerous to attain you tend to make your heart's goal. This can bring you to the inner depths of revelation or put you on the rocks. Remembering that the very greatest mysteries of life & love are right before you helps.

Neptune in Scorpio

Key Activity

Your sense of communication is more one of flow and feeling than of concrete syntax. This allows expression for intangible ideas but may lead others to request clarification. It is difficult to be specific when there is a host of meaning in a word -say so.

Neptune in Third House

Chapter Highlights

Others tend to dust your image with their imagination, so you are frequently viewed through rose-colored glasses, as someone who will fit into the best of fantasies. That tends to be a self-fulfilling prophesy, which is highly favorable for you.

Neptune Sextile Ascendant Orb: 00°51'

You have a far-ranging imagination, but one that does not leave reality behind, so you can be a wealth of practical fantasy for your partner. Spiritual feelings can be well-expressed as well as felt within, making them doubly rewarding and sharable.

Mercury Trine Neptune Orb: 01°10'

The road to self-discovery is mapped by fantasy, then delineated by reality in a pace that you may take for granted as you pick your way along while others are lost in the wilderness. Lend your sense of the possible to those not so much in touch.

Uranus Sextile Neptune Orb: 01°33'

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

Neptune Sextile Pluto Orb: 03°57'

It may often be difficult to tell what it is you really want in an experience and thus be disappointed when you don't get it. It will be important to define your needs ahead of time, so you don't get embroiled in pointless efforts that tire the heart.

Venus Square Neptune Orb: 07°49'

Chapter X. Compulsiveness - Fate - Mission

Key Quality

The dominant belief of your generation, which you share to an extent, is that if you do it just right, you'll get what you want. A lot was done, but much was wanting in the end, because of your illusion of control. You do what you can, that's all.

Pluto in Virgo

Key Activity

You are at your most powerful when you are working behind the scenes, the power behind the throne. Here you can work your will in safety without fear of reprisal whether for good or ill. When you enter the light you lose at least your imagined powers.

Pluto in Twelfth House

Chapter Highlights

The drive to self-discovery is extremely strong and the push to find out what is really happening may cause others to think you a bit self-obsessed -- but when you finally do hit the nail on the head, you drive it in with a single stroke, amazing all.

Uranus Conjunct Pluto Orb: 02°25'

You have considerable, and well-founded, confidence that what you say is correct and will serve you well, no matter what the opinions of others. This will lead you to deeper insights because you will quietly pursue them further than others would.

Mercury Sextile Pluto Orb: 02°47'

The tendency to dominate a relationship may get you what you want at first but may also leave you out of contact with your partner's true needs and, thus, true affections. Give others the extra space they need to let you know where they're at.

Pluto Conjunct Ascendant Orb: 03°07'

Small conflicts or confrontations can get themselves blown out of proportion in others' minds, and you may have to correct opinions that portray you as being more ruthless or manipulative than you really are. Yet there may be a kernel of truth.

Pluto Square Midheaven Orb: 03°14'

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.
